

## ★ HELLO FROM KINDERCARE!

March was such a fun month! We started the month learning all about our bodies. The house area became a doctors office, and we even had an x-ray table with real x-rays! We then switched themes and spent some time doing St. Patrick's day art and activities. We tried to build our own traps to catch a leprechaun. However that leprechaun was quite sneaky and came when we weren't even in the room and managed to escape! He destroyed the traps, left footprints all over the room, took some of the gold decorations, but left a note and some treats in its place. Before we left for spring break we got to go to MTYP to see "The Gruffalo". It was a funny show with lots of fun music.

The end of March seems to be bringing some warmer weather. Warmer weather means we will be spending more time outside. As the snow continues to melt, please make sure kids have slush pants and rain boots, as the play structures and field can get quite wet, and few things in life are as fun as puddles! This is also a good time to ensure your child has spare clothes, especially spare socks, as they can get quite wet even with the appropriate outdoor attire.

The top of the page features a red background with a fine grid pattern. In the top-left corner, there are four balloons: a purple one at the top, a yellow one below it, a green one to the right of the yellow one, and an orange one at the bottom. In the top-right corner, there are four balloons: a light blue one at the top, a yellow one below it, a dark blue one to the right of the light blue one, and an orange one at the bottom. The main body of the page is white, with a vertical purple bar on the left side.

March was an amazing month! We hope that everyone is able to have a relaxing Spring Break, enjoy some time outside, and some time with family. We will see everyone in April! We are sure it will be just as great as March, and can't wait to see what adventures we will encounter next month!
